

**OFFICE16**

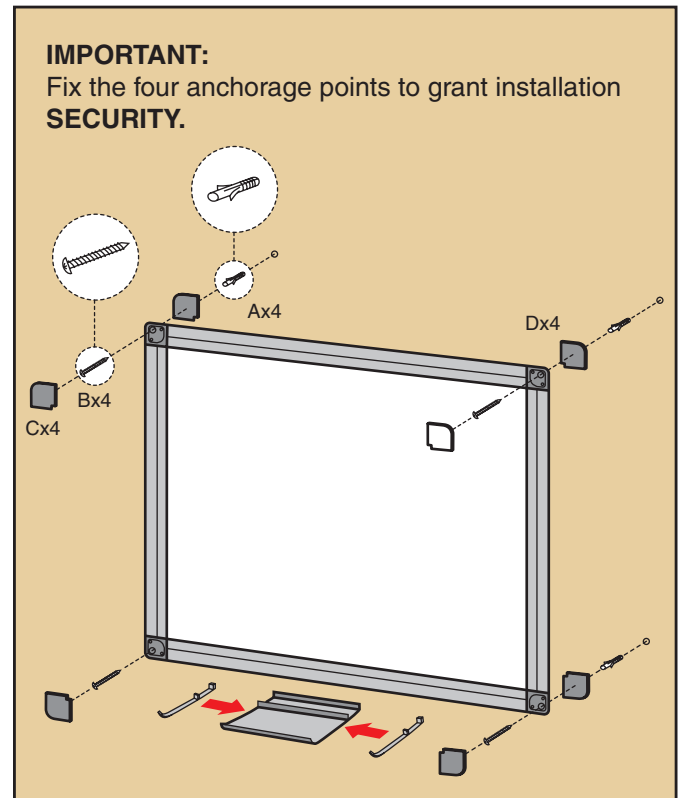

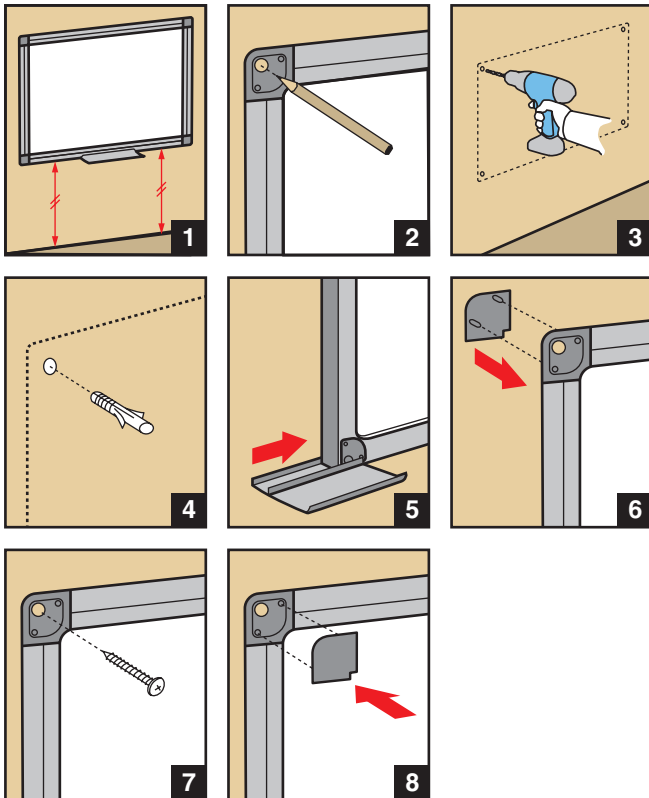

*It is possible to manufacture special sizes and combinations in all references of boards, cork boards and notice showcases existing in this catalogue.*

*Request your budget, we will be very pleased in to attend your requests.*

## ASSEMBLY INSTRUCTIONS

## WRITING SURFACES

As a manufacturers, we believe that our duty is to offer the consumer the widest range possible so that they can choose with criteria to the needs that may arise, in the catalogue we present, you can choose from basic products to the boards with writing surface with 25 years guarantee, always that give them the right treatment.

Usually we fall into the error to contemplate the guarantee in natural years, but this is not correct, what should ensure is the writing time in the board, because what causes their wear surface is the use of it, either by the chalk in the green boards, or the pen tip in the whiteboards, and what which gives them a shorter or longer durability is the surface hardness which translate it in abrasiveness resistance to the writing method.

Following we are pleased to describe you different writing surfaces, so that you can choose the most convenient for the user, and a maintenance recommendations, to prolong the board life.

## REGULATIONS

Existing laws require that all items obey the corresponding regulations, which are normally on a European wide basis, although each country may, whenever it is more restrictive, to adapt them to their needs.

Only an authorised laboratory by government may certify that all products obey existing regulations.

The consumers and the government administration as well may require such attesting documents.

In our catalogue you will find the Standards which certifies the product, in some cases, due to product complexity, their certification requires more than one regulation, which is also reflected.

## BOARDS TO WRITE WITH CHALK

### Painted steel surface

This is obtained by applying paint on a tablex surface, and our recommendation is for sporadic use, a few times a day, for example in hotels, restaurants, industries, or any other sector that doesn't require a frequently use, as in schools.

Its maintenance is very easy; to keep the surface completely clean, just pass a wet cloth in water in order that chalk dust completely disappears.

### Stratified surface

This is obtained by applying melamine resins of high hardness on a Kraft paper which with a treatment of high pressure at high temperature, being crystallized, which results a high resistance surface. We recommend using them by who needs a frequently work, specially designed for its use at schools, universities, where their use is for several hours a day.

Its maintenance is very easy; to keep the surface completely clean, just pass a wet cloth in water in order that chalk dust completely disappears.

In our catalogue you will find two kinds of surface with this finishing, one anti-glare matt and another one with semi-sheen surface that can be chosen depending on their location, the difference between them is the surface finishing. The surface semi-sheen is smoother and permits a better erased from first day, as the edges that we can see with a microscope are less pronounced than in the matt ones. The pronunciation of the edges is what gives them their particular antireflection and more dust can be deposited on them, cleaning is recommended once a day with a wet cloth with water.

### Enamelled steel plate surface

This is obtained by a continuous process of vitrifying a steel sheet at 800°C, with a final result of a very high resistance surface, it allows for the fact to be metallic to use magnets.

## BOARDS TO WRITE WITH DRY MARKERS

We would like to remark that for an excellent erasure the most important is to choose a suitable marker, as unfortunately the markers commercialized in the market have colorants composition that leaves a trace on the surface when the writing is erased.

### Laminated surface

This is obtained by applying melamine resins on an offset white paper through a heat treatment process and then applies this treated paper on a surface that can be chipboard or MDF depending on the surface wanted will be more or less uniform.

We can found within resins different kind of hardness and can be applied on paper with different weight, the final result will be the longevity of surface and the kind of application to which it will be used and its main difference will be the final price of it.

In our catalogue you will find 800's series for very occasional use, for example offices, hotels or for users that requires a board only for using it in meetings, and 11M series in which melamine's used are of higher hardness, even with infrequent use.

Its maintenance is very simple, when you want that all writing traces disappears completely only use some product conceived for their cleaning.

### Stratified surface

This is obtained by applying melamine resins of high hardness on a Kraft paper which with a treatment of high pressure at high temperature, being crystallized, which results a high resistance surface. We recommend using them by who needs a frequently work, specially designed for its use at schools, universities, where their use is for several hours a day.

Its maintenance is very simple, when you want that all writing traces disappears completely only use some product conceived for their cleaning.

### Painted steel surface

This is obtained by applying on a steel surface a special lacquer, which by heat treatment, be crystallized, with a result of a medium hardness surface, for frequent use and it allows using magnets.

Its maintenance is very simple, when you want that all writing traces disappears completely only use some product conceived for their cleaning.

### Enamelled steel plate surface

This is obtained by a continuous process of vitrifying a steel sheet at 800°C, with a final result of a very high resistance surface, it allows for the fact to be metallic to use magnets.

Surface guarantee is reflected in each reference.

Please find below a recommendation table of application depending on use.

## MAINTENANCE RECOMMENDATIONS FOR WHITE BOARDS

To keep the white boards surface in an excellent condition, it is necessary to clean the surface regularly, if the marker is of good quality, once a day is enough, even if the use is frequent, for to clean them you can use some product that actually are in the market specially developed for this purpose, since all markers always leave a trace that with the time causes a deficient erased.

It is very important also, maintain the eraser as clean as possible, changing the erased surface when it will be full of marker pigment that it absorbs when is doing its function.

## MAINTENANCE RECOMMENDATIONS FOR GREEN BOARDS

To keep the green boards surface in an excellent condition, it is necessary to clean the surface regularly, once a day is enough, even if the use is frequent, for to clean them you can simply use a wet cloth in water and the surface will be completely clean of dust that chalk leaves when is writing.

Also it is very important to keep the eraser as clean as possible, changing or cleaning the erased surface when it is full of dust that it absorbs when is doing its function.

**Ref. 5MEM - MEETING EASEL WITH METALLIC STRUCTURE**

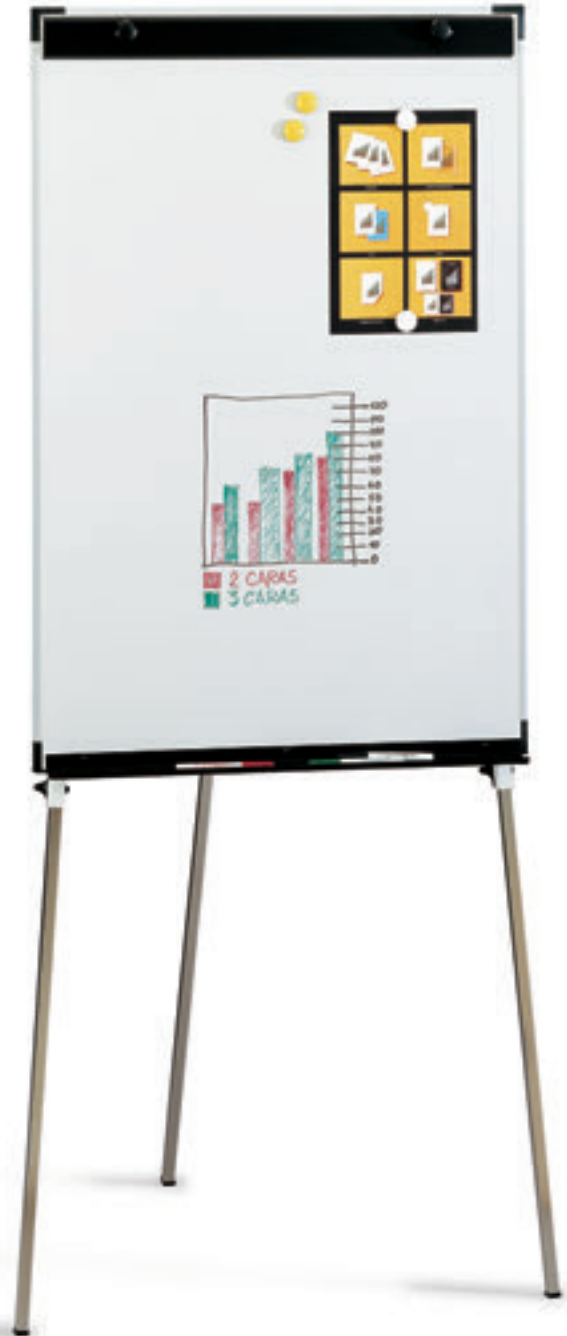

**Surface guarantee: 5 years.**

With frame, laminated surface. Useful to be used with writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton

**Ref. 9EM - METALLIC MEETING EASEL WITH METALLIC STRUCTURE**

**Surface guarantee: 5 years.**

With frame, white metal surface, useful to work with magnets, writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

**Ref. 8-1EM - STRATIFIED MEETING EASEL WITH METALLIC STRUCTURE**

**Surface guarantee: 10 years.**

With frame, stratified surface. Useful to be used with writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

**Ref. 8-1 - STRATIFIED MEETING EASEL**

**Surface guarantee: 10 years.**

With frame, stratified surface. Useful to be used with writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

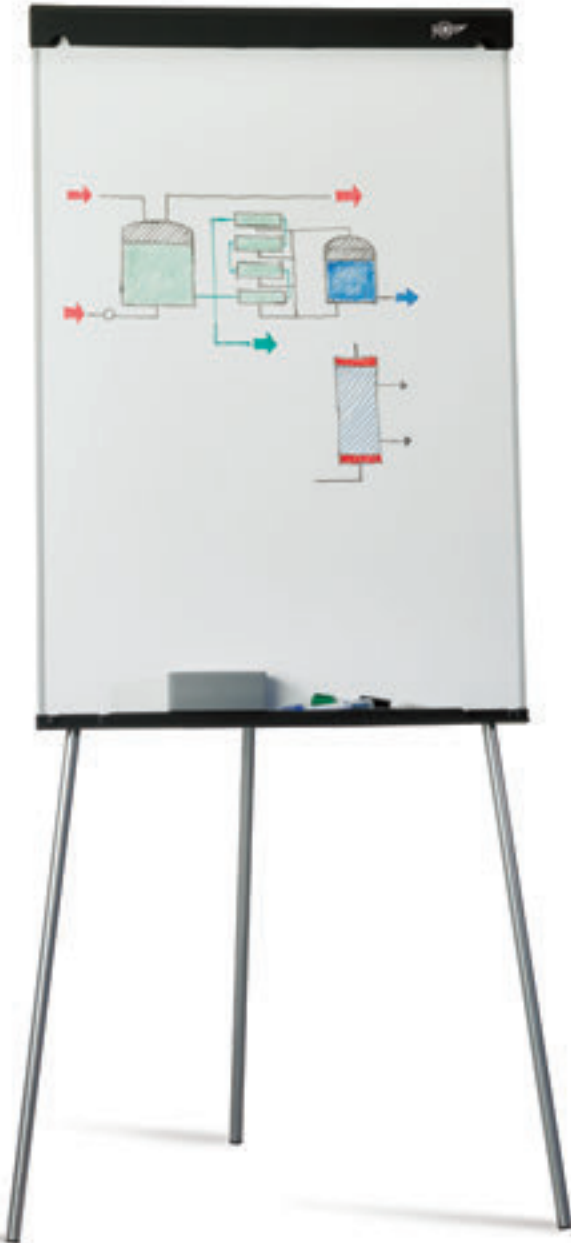

Adjustable system which gives a great stability, when the three feet are joined forming one unit.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

**Ref. 5M - MEETING EASEL**

**Surface guarantee: 5 years.**

With frame, laminated surface. Useful to be used with writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

**Ref. 5MS**

Adjustable system which gives a great stability, when the three feet are joined forming one unit.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

**Ref. 9**

**METALLIC MEETING EASEL**

**Surface guarantee: 5 years.**

With frame, white metal surface, useful to work with magnets, writing pads and dry markers.

The height can be regulated up to 180 cm by telescopic tripod.

**Ref. 9S**

Adjustable system which gives a great stability, when the three feet are joined forming one unit.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

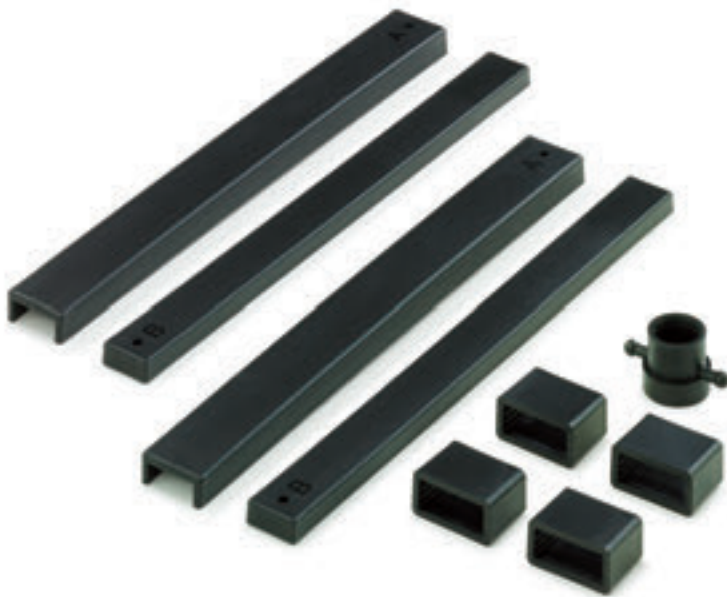

Ref. 10

**STABILITY SYSTEM**

Stability system to be adapted to new meeting easels Ref. 5M, 8 and 9, adjustable opening that gives a great stability when the three feet are joined forming one unit.

With stability system

Without stability system

**WRITING PADS**

Bound, with multipunched system.  
Measures: 65x90 cm - **100% Recyclable**

**Ref. BLC-25**

25 plain sheets, flat - U/box: 20

**Ref. BLC-25B**

25 plain sheets, individual bag - U/box: 12

**Ref. BLC-25CB**

25 squared sheets to 25 mm,  
individual bag - U/box: 12

**Ref. BLC-50**

50 plain sheets, flat - U/box: 10

**Ref. BLC-50B**

50 plain sheets, individual bag - U/box: 6

**Ref. 9TR**  
**MEETING EASEL ON WHEELS**

**Surface guarantee: 5 years.**

With frame. Base on wheels, all of them with brake.  
White metal surface to work with dry markers and magnets.  
This system allows the placement of writing pads,  
tray for markers and cleaning pad.

It can be adjusted in three heights, 180, 192 and 204 cm.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

**Ref. 9TRM**  
**MEETING EASEL ON WHEELS**

**Surface guarantee: 5 years.**

With frame. Base on wheels, all of them with brake.  
Laminated surface to work with dry markers.  
This system allows the placement of writing pads,  
tray for markers and cleaning pad.

It can be adjusted in three heights, 180, 192 and 204 cm.

**100% Recyclable**

Measures: 70x102 cm - U/pack: individual carton.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

## WHITEBOARDS

With aluminium frame and decorative corners.  
To work with magnets and magnetic figures.  
To write with dry markers.  
Can be placed in horizontal or vertical position.  
**100% Recyclable**

### Ref. 1011

**Surface guarantee: 25 years.**

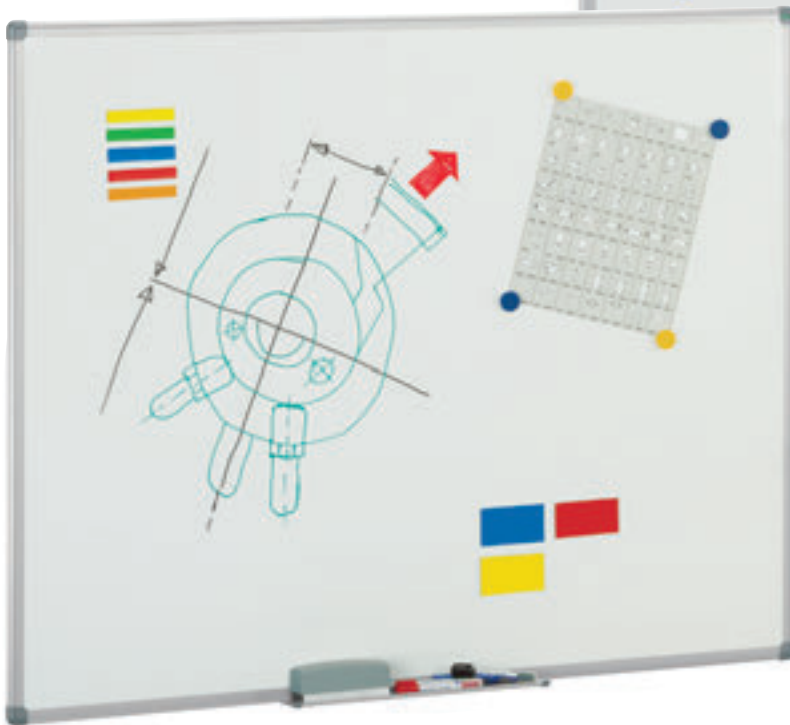

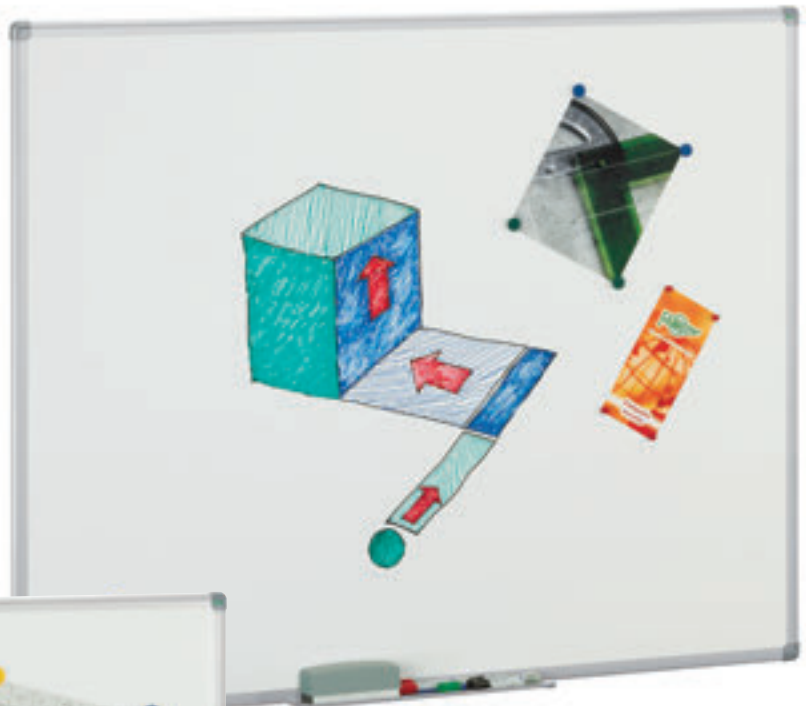

Enamelled steel plate surface in white colour.  
Supplied with a 40 cm aluminium tray, elements to hang up maps and wall holders.

**Certificated according UNE EN 14434:2010 and UNE 11016:89 Standards**

Measures:

<b>Ref. 1011-1</b> 45 x 60 cm	<b>Ref. 1011-5</b> 122x200 cm
<b>Ref. 1011-2</b> 61 x 100 cm	<b>Ref. 1011-6</b> 122x244 cm
<b>Ref. 1011-3</b> 122x100 cm	<b>Ref. 1011-7</b> 122x300 cm
<b>Ref. 1011-4</b> 122x150 cm	<b>Ref. 1011-8</b> 122x360 cm

U/pack: individual carton.

### Ref. 1R11

**Surface guarantee: 25 years.**

**MATT** specially useful for projections.

Enamelled steel plate surface in white colour.

Owing to their matt surface if a high quality marker is not used can leave a line pigment stroke and it requires a frequently surface cleaning.

It allows their writing and erased with whiteboard markers, but their main use is for projections, as their surface is the best to minimize projector reflections. Supplied with a 40 cm aluminium tray, elements to hang up maps and wall holders.

**Certificated according UNE EN 14434:2010 and UNE 11016:89 Standards**

Measures:

<b>Ref. 1R11-3</b> 122x100 cm
<b>Ref. 1R11-4</b> 122x150 cm
<b>Ref. 1R11-5</b> 122x200 cm
<b>Ref. 1R11-6</b> 122x244 cm
<b>Ref. 1R11-7</b> 122x300 cm

U/pack: individual carton.

### Ref. 840

**Surface guarantee: 10 years.**

Painted steel surface.

Supplied with a 30 cm aluminium tray and wall holders.

**Certificated according UNE 11016:89 Standard**

Measures:

<b>Ref. 840-1</b> 45 x 60 cm	<b>Ref. 840-4</b> 120x150 cm
<b>Ref. 840-10</b> 60 x 90 cm	<b>Ref. 840-12</b> 120x180 cm
<b>Ref. 840-11</b> 90 x 120 cm	<b>Ref. 840-5</b> 120x200 cm

U/pack: individual carton.

### Boards prepared for support

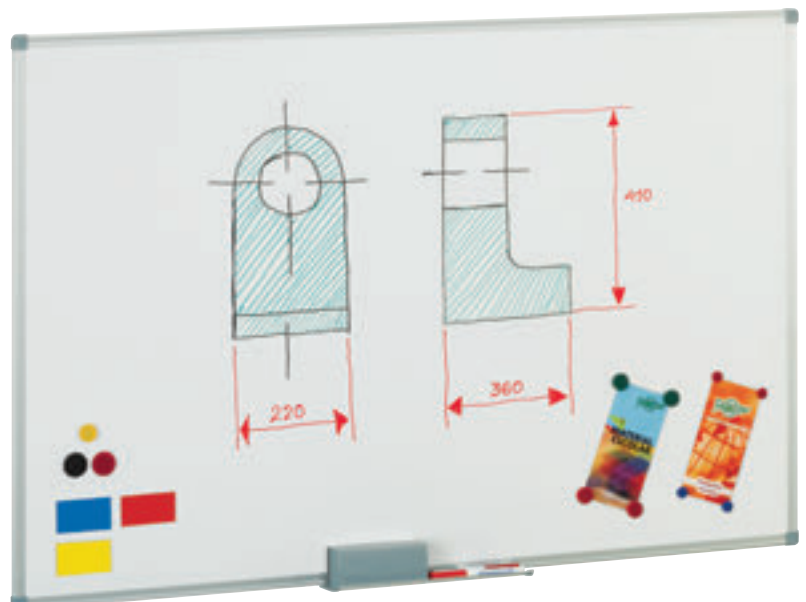

Measures:

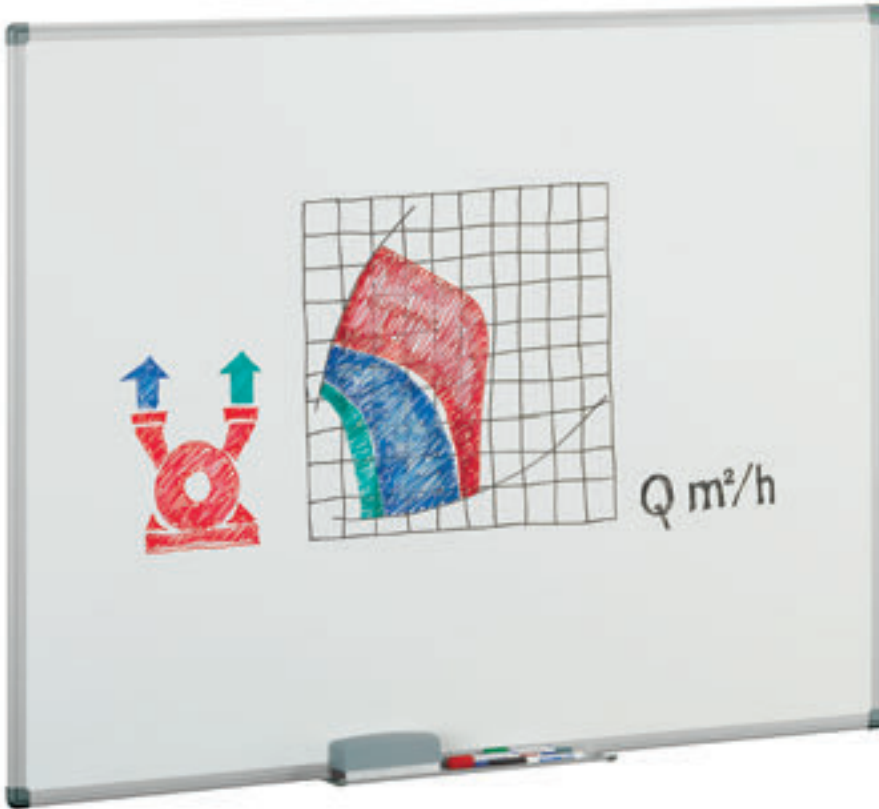

<b>Ref. 840-11S</b> 90 x 120 cm
<b>Ref. 840-4S</b> 120x150 cm
<b>Ref. 840-12S</b> 120x180 cm
<b>Ref. 840-5S</b> 120x200 cm

U/pack: individual carton.

**It is essential to set the four anchor points, to ensure the installation safety.**

**It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.**

**Ref. 11**

**WALL DRY WHITEBOARDS**

**Surface guarantee: 10 years.**

With aluminium frame and decorative corners.

Stratified plate surface in white colour.

To write with dry markers.

Supplied with a 40 cm aluminium tray, elements to hang up maps and wall holders.

Can be placed in horizontal or vertical position.

**Certificated according UNE EN 14434:2010 and UNE 11016:89 Standards**

**100% Recyclable**

Measures:

**Ref. 11-1** 45 x 60 cm

**Ref. 11-2** 80 x 60 cm

**Ref. 11-3** 122x100 cm

**Ref. 11-4** 122x150 cm

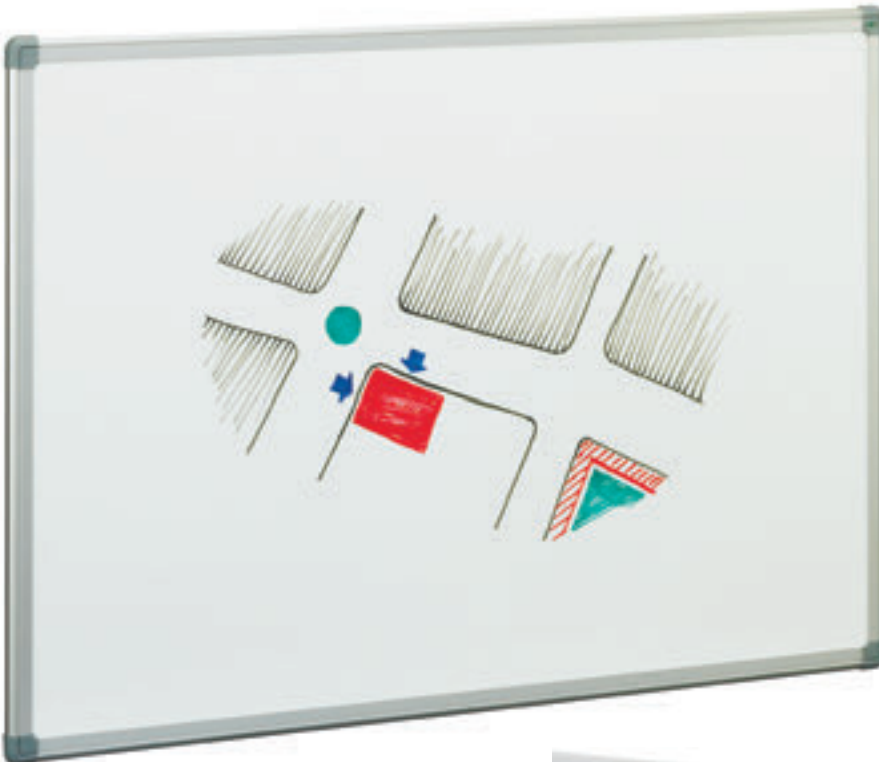

**Ref. 11-5** 122x200 cm

**Ref. 11-6** 122x244 cm

**Ref. 11-7** 122x300 cm

**Ref. 11-8** 122x360 cm

U/pack: individual carton.

**Ref. PAB**

White stratified surface. Matt rear side,

suitable for projections.

Supplied with wall holders.

Measures:

**Ref. PAB-1** 45x 60 cm

**Ref. PAB-2** 60x 90 cm

**Ref. PAB-3** 75x100 cm

U/pack: individual carton.

**It is essential to set the four anchor points, to ensure the installation safety.**

**It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.**

## WHITEBOARDS

With aluminium frame and decorative corners.  
To write with dry markers.  
Can be placed in horizontal or vertical position.  
**100% Recyclable**

### Ref. 11M

**Surface guarantee: 5 years.**

Laminated surface.  
Supplied with a 40 cm aluminium tray  
and wall holders.

**Certificated according UNE EN 14434:2010  
and UNE 11016:89 Standards**

Measures:

**Ref. 11M-1** 45 x 60 cm

**Ref. 11M-2** 60 x 90 cm

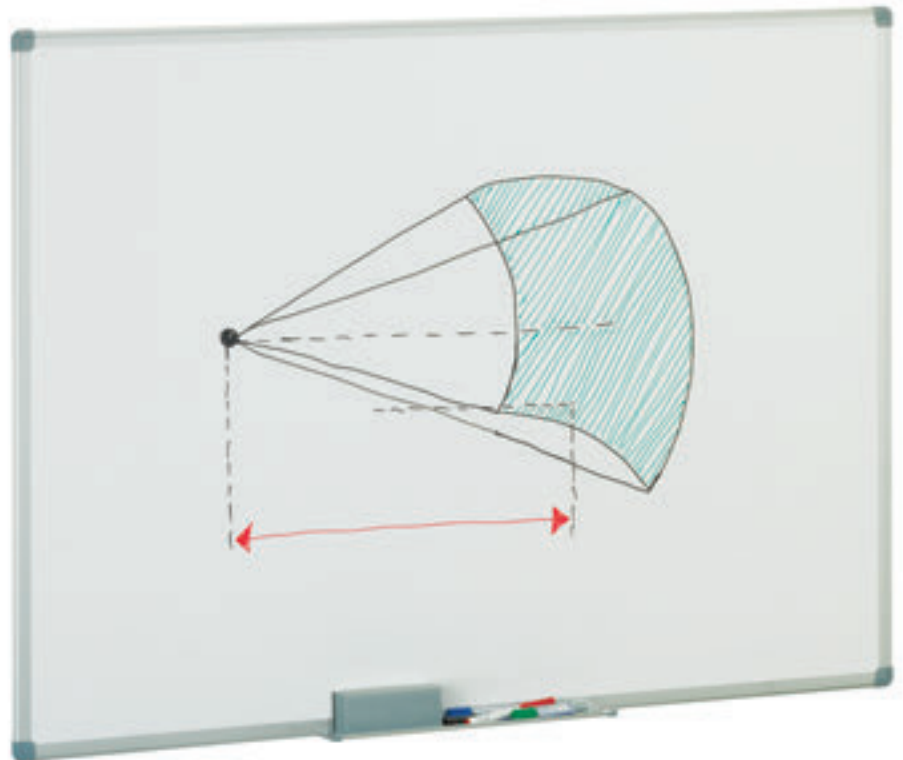

**Ref. 11M-3** 90 x 120 cm

**Ref. 11M-4** 100x150 cm

**Ref. 11M-5** 122x200 cm

**Ref. 11M-6** 122x244 cm

U/pack: individual carton.

### Ref. 800

**Surface guarantee: 2 years.**

8 mm thickness laminated surface.  
Supplied with a 30 cm aluminium tray  
and wall holders.

**Certificated according  
UNE 11016:89 Standard**

Measures:

**Ref. 800-1** 45 x 60 cm

**Ref. 800-10** 60 x 90 cm

**Ref. 800-11** 90 x120 cm

**Ref. 800-4** 100x150 cm

**Ref. 800-12** 120x180 cm

**Ref. 800-5** 120x200 cm

U/pack: individual carton.

**It is essential to set the four anchor points,  
to ensure the installation safety.**

**It is recommended to do a  
suitable surface maintenance to keep  
it in a perfect state of use.**

## METALLIC PLAN BOARDS

With aluminium frame and decorative corners. Surface printed in two colours.

To be used with magnets as well as with dry markers. Supplied with a 40 cm aluminium tray and wall holders.

**Certificated according  
UNE 11016:89 Standard  
100% Recyclable**

Measures: 60x90 cm  
U/pack: individual carton.

### Ref. PLS - WEEKLY PLAN BOARD

Useful for weekly plans, with daily and hourly grid besides of a large note area at its bottom.

### Ref. PLM - MONTHLY PLAN BOARD

Useful for monthly plans, with weekly and daily grid.

### Ref. PLM - MONTHLY PLAN BOARD

Useful for monthly plans, with weekly and daily grid.

It is essential to set the four anchor points, to ensure the installation safety.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

## GREENBOARDS

With aluminium frame and decorative corners.  
Supplied with a 40 cm aluminium tray,  
elements to hang up maps and wall holders.  
Can be placed in horizontal or vertical position.

**Certificated according UNE EN 14434:2010  
and UNE 11016:89 Standards  
100% Recyclable**

**Ref. 1012**

**Surface guarantee: 25 years.**

Enamelled steel plate surface.

To work with magnets or magnetic figures  
and with chalk.

Measures:

**Ref. 1012-3** 122x100 cm

**Ref. 1012-4** 122x150 cm

**Ref. 1012-5** 122x200 cm

**Ref. 1012-6** 122x244 cm

**Ref. 1012-7** 122x300 cm

**Ref. 1012-8** 122x360 cm

U/pack: individual carton.

**Ref. 11VS**

**Surface guarantee: 3 years.**

Stratified surface in semi-gloss green colour,  
suitable for users that want a good writing rubbing  
even to the detriment of reflect that it involves,  
or whose place was protected from direct light.

Measures:

**Ref. 11VS-3** 122x100 cm

**Ref. 11VS-4** 122x150 cm

**Ref. 11VS-5** 122x200 cm

**Ref. 11VS-6** 122x244 cm

**Ref. 11VS-7** 122x300 cm

U/pack: individual carton.

**It is essential to set the four anchor points,  
to ensure the installation safety.**

**It is recommended to do a  
suitable surface maintenance to keep  
it in a perfect state of use.**

## WHITEBOARDS WITH METALLIC HOLDING

With aluminium frame and decorative corners. To write with dry markers. Grip useful for writing pads. Supplied with metallic holding board kit on wheels, two of them with brake, 40 cm aluminium tray, elements to hang up maps and wall holders.

**Surfaces certificated according UNE EN 14434:2010 Standard**  
**100% Recyclable**

**Ref. 1011-D**

**Surface guarantee: 25 years.**

Enamelled steel plate surface in white colour. Useful to work with magnets and magnetic figures.

Measures:

**Ref. 1011-D3** 122x100 cm

**Ref. 1011-D4** 122x150 cm

U/pack: individual carton.

**Ref. 11-D**

**Surface guarantee: 10 years.**

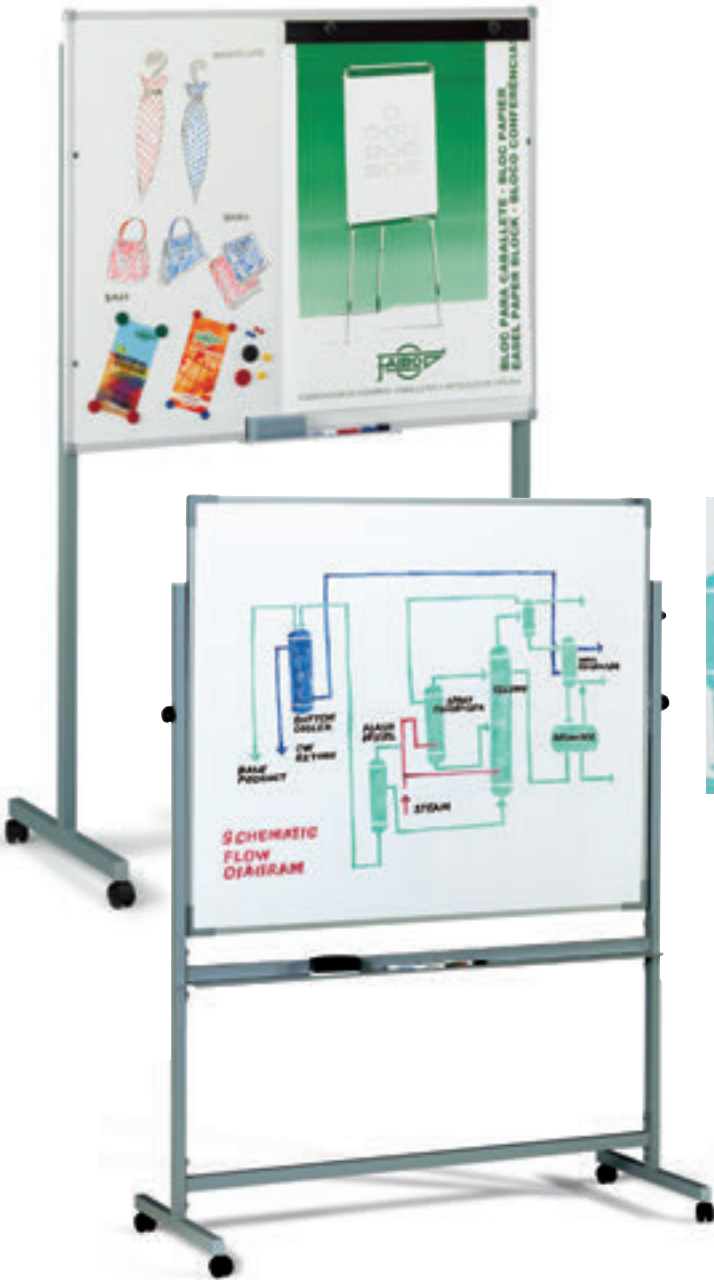

Stratified white surface.

Measures:

**Ref. 11-D3** 122x100 cm

**Ref. 11-D4** 122x150 cm

U/pack: individual carton.

## TORNABLE BOARD

Set containing a holding board kit on wheels, two with brake, 150 cm length aluminium tray and security element. Board of 122x150 cm. with aluminium frame. Two faces useful to work. Supplied with assembly kit. We can produce any combination.

U/pack: individual carton.

**Surfaces certificated according UNE EN 14434:2010 Standard**  
**100% Recyclable**

**Ref. 11/11** - White stratified plate both surfaces.

**Ref. 11/11V** - White stratified plate one surface and green the other one.

**Ref. 11V/11V** - Green stratified plate both surfaces.

**Ref. 11/11P** - White stratified plate both surfaces, one with 5 musical staves.

**Ref. 11V/11VP** - Green stratified plate both surfaces, one with 5 musical staves.

**Ref. 11/1011** - White enamelled steel plate one surface and white stratified the other one.

## Ref. 603

### DOBLE-USE BOARDS

With aluminium frame and decorative corners. One half of the surface in cork and the other half whiteboard. Supplied with a 40 cm aluminium tray and wall holders.

**Certificated according UNE 11016:89 Standard**  
**100% Recyclable**

Measures:

**Ref. 603-2** 60 x 90 cm

**Ref. 603-3** 90 x 120 cm

**Ref. 603-9** 122x183 cm

U/pack: individual carton.

**It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.**

## MAPS OF SPAIN

With aluminium frame and corners for protection.  
Map of Spanish autonomous, published by  
The National Cartography Institute, plasticized surface.  
Supplied with wall holders.

**Certificated according UNE 11016:89 Standard  
100% Recyclable**

**Ref. 141** - To work with pins or drawing pins.  
Measures: 72x93 cm - U/pack: individual carton.

**Ref. 143** - Metal laminated surface, to work with magnets.  
Measures: 72x93 cm - U/pack: individual carton.

## MAPS OF SPAIN, EUROPE AND WORLD

With aluminium frame and corners for protection.  
Metal laminated surface, to work with magnets.  
Supplied with wall holders.

**Certificated according UNE 11016:89 Standard  
100% Recyclable**

**Ref. 153** - Map of Spain and Portugal.  
Measures: 103x129 cm - U/pack: individual carton.  
Supplied with informative leaflet.

**Ref. 163** - Map of Europe.  
Measures: 93x119 cm - U/pack: individual carton.

**Ref. 173** - World Map.  
Measures: 84x140 cm - U/pack: individual carton.

**Maps of laminated surface, rolled in a cardboard tube  
100% Recyclable**

**Ref. 143G** - Spanish autonomous of 72x93 cm

**Ref. 153G** - Spain and Portugal of 103x129 cm

**Ref. 163G** - Europe of 93x119 cm

**Ref. 173G** - World Map of 84x140 cm

**Options:** We can supply different maps by request of  
the customer. We would thank you to ask about possibilities  
and delivery time.

**Note:** These pictures can be changed during the year if  
there is any renewal of the edition.

It is essential to set the four anchor points,  
to ensure the installation safety.

## CORK BOARDS AND CLOTH COVERED CORK BOARDS

With aluminium frame and decorative corners.  
 Supplied with wall holders.  
 Can be placed in horizontal or vertical position.  
 Covered colours: black, grey, blue, crimson, green, ochre.  
**Certificated according UNE 11016:89 Standard**  
**100% Recyclable**

### Ref. 601

4 mm thick cork surface with solid inner plate of 8 mm thickness.

Measures:

<b>Ref. 601-1</b> 50 x100 cm	<b>Ref. 601-5</b> 100x200 cm
<b>Ref. 601-2</b> 60 x 90 cm	<b>Ref. 601-9</b> 120x180 cm
<b>Ref. 601-3</b> 90 x120 cm	<b>Ref. 601-6</b> 122x244 cm
<b>Ref. 601-8</b> 100x100 cm	<b>Ref. 601-7</b> 122x300 cm
<b>Ref. 601-4</b> 100x150 cm	

U/pack: individual carton.

### Ref. 601T

4 mm thick cork surface covered by cloth, with solid inner plate of 8 mm thickness.

To fix all kind of documents by pins or drawing pins.

Measures:

<b>Ref. 601T-2</b> 60x 90 cm
<b>Ref. 601T-3</b> 90x120 cm
<b>Ref. 601T-4</b> 90x150 cm

U/pack: individual carton.

### Ref. 611

2 mm thick cork surface on a 10 mm thick fibre plate.

Measures:

<b>Ref. 611-1</b> 45 x 60 cm
<b>Ref. 611-2</b> 60 x 90 cm
<b>Ref. 611-3</b> 90 x120 cm
<b>Ref. 611-4</b> 100x150 cm

U/pack: individual carton.

### Ref. 611T

Cork surface covered by cloth, with solid inner plate of 10 mm thickness.

Measures:

<b>Ref. 611T-1</b> 45x 60 cm
<b>Ref. 611T-2</b> 60x 90 cm
<b>Ref. 611T-3</b> 90x120 cm
<b>Ref. 611T-4</b> 90x150 cm

U/pack: individual carton.

It is essential to set the four anchor points, to ensure the installation safety.

It is recommended to do a suitable surface maintenance to keep it in a perfect state of use.

## SELF-ADHESIVE CORK SHEETS

**100% Recyclable**

Pack 4 self-adhesive cork sheets of 5 mm thickness.

Measures: 300x450 mm

U/carton: 40 packs.

## NOTICE SHOWCASES - 100% Recyclable

Of solid construction with frame of anodized aluminium and decorative corners. Supplied with sliding smooth glassdoors and wall holders. With lock. U/pack: individual carton.

Doors are made in three different materials.

**Glass:** Known as float glass, made off a single 4 mm thick sheet.

**Plexiglass:** Very high transparent plastic, the most similar to glass. Its stiffness and scratch resistance are lower than those of glass but it has higher break resistance.

With an aluminium profile in both sides of doors to give the necessary stiffness.

**This notice showcase is recommended for schools and crowded places due to safely provided against breaking of doors material.**

**Safety glass:** Known as laminated glass, made of two 3 mm thick sheets, with a polyvinyl butiral sheet in-between, which strengthens glass and also prevents glass from splintering in case of breaking. This glass is conforming to EN 12543 Standard.

## SURFACE NATURAL CORK

5 mm thick cork surface stuck on a 10 mm tough wooden base.
