## LEOS' Company History

Leos' Quality Products Co., Ltd. was established in 1991 as a manufacturer in Taichung, Taiwan. In 1991 we built a new production facility in Shenzhen, China, and by 2000 had fully transferred our plant, equipment, manufacturing technology, key production and administrative personnel.

The Shenzhen plant now covers 12,000 square meters and employs more than 450 highly trained, experienced, and skilled workers. We continually upgrade our production technology to process raw materials into finished products.

Leos' offers a vast range of office supplies and accessories. We have long been a leading OEM source for our customers and will continue to be, but are also investing to strengthen our offering of original designs. Of course, manufacturing is only part of the process. Efficient document and logistics management make sure that you can track your products door-to-door and ensure timely shipments and strict adherence to promotional schedules.

# Polka Dot

## Fun and cheeky

Polka dots make a bold and bright statement. This fashionable retro design works well across a full range of items in solid or translucent materials. Choose from our Polka Dot range or use it as an inspiration to create your own style.

## ◀ Twin Pocket Folder

Item No.	Description	Packing
<b>308</b>	A4/Letter, two folded pockets	25/100

- Made from polypropylene
- With one name card slot inside of cover
